OUR PIZZA IS NOT ONLY CARBS

After an initial 24 hours fermentation, we let it rest for another **36-48 hours** after it's ready.

We use a blend of flours developed for us by **Molini Pizzuti** for contemporary Neapolitan Pizza, composed of a percentage of flour 0,1, 2.

We use less refined flours so that fewer chemicals participate in the refining process. We also care for the nutritional level, our flour contains 16 grams of proteins per 100 grams
